Keeping Our Community Green

Dear Rolling Meadows Resident,

The Rolling Meadows Parks Foundation is a not-for-profit volunteer based organization created to provide resources beyond using conventional public funding to enrich and enhance the Rolling Meadows Park District.

The RM Park Foundation board members are fully committed to assisting the Rolling Meadows Park District reach its full potential in terms of facility enhancement, program participation support and parks beautification.

Over the year our parks have aged. Many of our mature trees are lost each year to old age, disease and storm damage. In an effort to maintain the parks to the highest standards, the Rolling Meadows Parks Foundation has implemented a tree/park amenity donation program. This program allows donors to honor an individual or a group with the purchase of a tree or other amenity.

All donations will be recognized either on site or at the Rolling Meadows Park District Administrative Offices, Park Central, 3000 Central Road. The Rolling Meadows Park District team member will meet with you to discuss the desired site, tree or other amenity options. The type of tree you select will be planted at the appropriate time of year, this will ensure optimal growth. Your tree will be guaranteed based on the agreement with the place of purchase.

For those donors wishing to commemorate the tree with a plaque the plaques will be 6"x9" and allow for up to four lines of text. If you have questions regarding this program, please contact the Executive Director of the Park District at 847-818-3200 x1111.

Thank you for your support of the Rolling Meadows Park District and the Rolling Meadows Parks Foundation, an Illinois 501 (c)(3) not-for-profit corporation.
