

The Bays at West Meadows (Rolling Meadows Park District)

Golf Simulator Program Waiver and Release

Important Information

The Rolling Meadows Park District ("District") is committed to conducting its recreation programs and activities in a safe manner and holds the safety of participants in high regard. The District continually strives to reduce such risks and insists that all participants follow safety rules and instructions that are designed to protect the participants' safety. However, participants and parents/guardians of minors registering for this activity must recognize that there is an inherent risk of injury when choosing to participate in recreational programs/activities. You are solely responsible for determining if you or your minor child/ward are physically fit and/or adequately skilled for the activities contemplated by this agreement. It is always advisable, especially if the participant is pregnant, disabled in any way or recently suffered an illness, injury, or impairment, to consult a physician before undertaking any physical activity.

Warning of Risk

Golfing (whether virtual or in-person) is an activity intended to challenge and engage the physical, mental, and emotional resources of each participant. However, despite careful and proper preparation, instruction, medical advice, conditioning and equipment, there is still a risk of severe injury. Understandably, not all hazards and dangers can be foreseen. Risks attendant to golfing include (but are not limited to): poor conditioning or technique; being struck by a golf ball or club; inconsiderate play and horseplay; overexertion; improper technique; ignoring safety precautions and/or failing to follow instructions; slips and falls; unfamiliarity with the equipment and/or exercise, equipment failure; failure in supervision/instruction; premises defects; and other risks inherent to the particular activity exist. In this regard, it must be recognized that it is impossible for The District to guarantee absolute safety.

Dependent upon a person's physical condition, age and/or skill level, fitness activities can involve a substantial risk of the following types of injuries. This list is by no means complete, but includes some of the more common ones: heart attack, stroke and circulatory problems; bone and joint injuries; back and neck injury; muscle strain and other muscle injuries; etc.

You should always stand away from and far enough behind a player making a shot to avoid being struck by their club and golf ball in the simulator room. You should watch where you are walking and standing at all times. It is your responsibility to be aware of your surroundings, and all participants are required to inspect their surroundings and equipment to ensure safe play and agree not to participate if there are any unsafe conditions or behaviors.

Photo/Video Policy

The Rolling Meadows Park District takes photos and video of participants in classes, during special events and in the parks. By signing the waiver, you are giving permission to the District to use these photos and video in District publications and on the District website and social media outlets. All photos and video are the property of the District.
